difficult to take advantage of the markets due to technicalities are you ready to get started this series of books will teach you everything you need to know to start making money in the world of trading and cryptocurrencies today they will help you understand the basics of the trading world how the market works and which trading strategy will work best for you it is important to avoid the pitfalls and expensive mistakes that beginners always make these books will provide you with the foundation you need to start making money investing in the trading world in these books you ll find book 1 introduction to the world of trading basic investment types asset types equity investment beginner s guide to fixed income investing money market assets alternative investments book 2 options trading forex trading day trading book 3 stock market investing swing trading book 4 investing in bitcoin and cryptocurrencies book 5 nft non fungible token cryptocurrencies book 6 blockchain revolution you ll also find a bonus section that suggests which are the best platforms to start investing and making money based on your budget even if you know nothing about the world of trading and cryptocurrencies this simple guide will get you started investing and trading the right way join this wonderful community where you ll find thousands of smart traders and investors who have profited using this guide written by master nick cohen have you ever jumped into a trade only to realize you ve simply blown your money away this is understandable crypto trading is in fact very unpredictable traders on the other hand frequently lose money owing to their own mistakes without even realizing it even an honest mistake is not forgiven in the crypto market if you repeat this mantra you will not only be able to understand these crypto trading faults but you will also be able to avoid making the same mistakes as other beginners before we get into the meat of the matter there s one more thing you should know you may never return to crypto trading if you make a lot of blunders in a short period of time unaware trading in crypto trading and investment fortunes have

[koa.elemen.com.ar](http://koa.elemen.com.ar)

been gained and fortunes have been lost here are more than 50 common beginner mistakes that can be avoided if you're just starting off you're probably eager to trade really, get it, are you familiar with the fundamentals of blockchain technology and bitcoin? do you understand the concept of circulating vs total supply? do you have a good understanding of what inflation is? are you familiar with the terms exchanges, wallets, private keys and public keys? you'll be in serious danger if you can't answer these simple questions. It's critical that you take some time to prepare yourself as you journey into the world of cryptocurrency. Bitcoin and digital assets have come a long way since the bubble popped in December 2017 while many investors have left the crypto market since then the industry has been quietly building behind the scenes. Fast forward to today and a new digital asset market has emerged with crypto prices once again on the rise. Crypto trading and investing are no longer just for techno-savvy early adopters. With each passing day digital assets become more crucial for mainstream investors to consider. In his latest and third book, *Digital Assets*, Jonathan Hobbs CFA provides a compelling case for adding bitcoin and crypto to your broader investment strategy but perhaps more importantly he focuses on how you can manage risk in a market that never sleeps and not get wrecked by the extreme volatility that crypto trading and investing so often entails. If you are a long-term investor trying to buy crypto or a trader wishing to exploit opportunities in the most volatile asset class in the world, digital assets will be your compass to navigate this new and revolutionary market. Pretty much essential reading for those who have been tempted to dabble in trading but never quite had the confidence. Cointelegraph.com, I've been fortunate enough to be able to partner up with Amazon for a limited time to offer you double value on this book because Amazon has included the *Crypto Millionaire Handbook* in their Kindle Matchbook program. Now when you purchase the paperback version of this book you get the Kindle version for free. Don't wait, claim your
